

# PROFORMA - Odoo Instance Infrastructure Billing

LIONGATE SARL - Infrastructure Cost Estimation

Document: PROFORMA-01

Context: Odoo ERP Deployment (Community Edition)

Hosting Provider: Hetzner Cloud

Currency: EUR (€)

Version: 1.0

**How to read this document:**

This proforma covers all infrastructure costs to deploy and operate a self-hosted Odoo 17.0 instance on Hetzner.

Four tiers are presented: Minimum Viable, Recommended, Full Production, and High-Availability.

All prices are based on Hetzner published rates. Monthly and yearly totals include a  $\pm 15\%$  variance buffer.

## Tier 1 - Minimum Viable Setup

Single server hosts both Odoo and PostgreSQL. Acceptable for internal low-traffic use only.

**Not recommended for client-facing production.**
